Adult Class Studies are:

1. **"The Cure"** - Room 5 - Book Study: The Cure - What if God isn't who you think He is and neither are you? Authors Bill Thrall, Bruce McNicol and John Lynch.

In this study we talk about taking off our masks and living out of who God says I am, and not by the checklist of who we think we should be. We talk about how to create a place so safe that the worst of us could be known, and we would be loved more, not less, in the telling of it. Join us for this REAL conversation! You can purchase the book on Amazon or we have a few extra books we can bring to class.

Facilitated by Danny & Anna Hammonds

2. **"This I Believe"** - Room 8 (CAFE) - Foundations of Apologetics. This class based on teachings of Ravi Zacharias, will explore why Christianity is reasonable to believe is true. Facilitated by Clint Rhodes.

Classes for children and teens are also available.

We're getting a new roof!

Over the next few weeks you will see that we are getting a new roof. The process should have minimal impact on the happenings here, but we wanted you to be aware of what is going on. We submitted a claim to our insurance company that was approved and we are excited to be able to continue to steward the resource that our building is for the Kingdom.

Welcome POT LUCK for the new minister's will be Sunday, November 4th immediately following worship.
